VP: 9170 in Kucchensee.

- 1. In June 1951, Volkspolized Dienststelle (VPD) 9170 in Kuechensee near Storkow was organized into a headquarters, an engineer company and the HVA orchestra and totaled about 350 police. It was commanded by VP Kommandeur Fraesdorf (fnu). Gonstruction of bridges and field fortifications was practiced at the drill field on -rosser Griesen Lake at the time of observation. Fifteen pontoons were seen with the unit which was armed with only small arms and light machine guns.
- 2. Upon the reorganization of the Volkspolizei, an engineer company of about 270 police remained in the installation in Kucchensee until April 1951. In early April, the two engineer companies totaling about 210 police which were stationed in Kirchno ser, were transferred to Kucchensee. However, these two companies were transferred to VFD 9190 in Fuenfeichen near Keubrandenburg in May.

VPD 9190 in Fuenfeichen.

3. Prior to late July 1971, VPD 9190 in Fuenfeichen near Neubrandenburg was organized into a headquarters, 1 signal Zug, 1 maintenance Zug, 1 supply Zug and 2 engineer companies and totaled about 200 police. The troops received no training at that time, but were engaged in construction work at the barracks installation in the area of the former concentration camp. The small arms of the unit were kept locked up. VP Oberrat Koeferl (fnu), an ex-sergeant, was the commanding officer of the unit, and VF Oberrat Bossenz, an ex-master sergeant, was PK officer.

VPD Engineer Training Camp at Krieschen Lake.

4. In June 1991, a VPD engineer tent camp was located on the premises of the former Ragem tractor plant on Krieschen Lake near Kuechensee, where the engineer Sonderabteilungen of all VPDs allegedly received training. Exercises with pontoons and bridge-building equipment were observed there. In mid-April, the engineer Sonderabteilung of the VPD in Cera was allegedly at the camp.
